

# TIFF PROJECT PRIORITY RECCOMENDATION

## HELENA CITIZENS' COUNCIL

MARCH 25, 2003

---

From the 22 projects considered for TIFF funding, prioritize projects from 1 to 22 based upon your perception of community need and desire. Do not consider applicants or funds requested. Project descriptions are available from city staff or Jane Redeau-Ogle (442-3511 or [jredeau@aol.com](mailto:jredeau@aol.com)) prior to the March 25<sup>th</sup> HCC monthly meeting. Jane will also be available at the meeting to answer questions and describe projects.

The resulting prioritized list will provide the Commission with a sense of project necessity based upon objective public opinion. HCC member prioritized rankings will be combined with all other HCC member rankings to form a master list of priority rankings representing HCC.
